

**Use  
straight  
from  
bottle**

## **EASYSeal SSP**

A cost effective stone sealant and protector,  
ideal for natural stone and concrete paving

### **STONE SEALER & PROTECTOR PROFESSIONAL GRADE**

- Penetrates, seals and protects**
- Virtually invisible**
- Allows the stone to 'breathe'**
- Good oil and water repellent**
- Anti-stain properties**
- Anti-graffiti properties**
- Resists general dirt and grime**
- Impedes moss and fungal growth**
- Pressure washer resistant**

- Uses the latest fluorinated polymer technology
- Can be applied to damp surfaces
- Designed for use on natural stone but equally effective on concrete
- Does not form a "skin" on the surface
- Does not change the appearance of the substrate
- Effective oil and water resistance
- Protects the surface from a variety of other staining substances
- Resists the build-up of Algae, Moss and Lichen
- Resists general dirt and grime
- Simply apply to the surface with a roller or low pressure garden spray
- Coverage: one coat - up to 40m<sup>2</sup> depending on porosity
