combination
Colour Enhancer
&
Protector**

EASYSeal Sandstone

Put life into your paths, patios and driveways

SEALER & ENHANCER

PROFESSIONAL GRADE

2 in 1 combination

Colour Enhancer and Protector

Accentuates colour and deepens tones

Brings back the natural colour of dull faded stone

Good oil and water repellent

Water based, non-solvent

Easy to use

- Deeply penetrating, water based, colour enhancer and protector
- Suitable for any porous natural stone
- Effective for garden ornaments/features as well as paving
- Delivers good levels of protection from oil and staining substances
- Does not form a "skin" on the surface
- Allows stone to "breathe"
- Simply apply to the surface with a roller or brush
- The more coats applied, the deeper the colour enrichment
- Coverage: one coat - up to 25m² depending on porosity
